

Historic East Calgary Area Redevelopment Plan

PLEASE JOIN US!

In early 2018 The City of Calgary decided to merge the draft Area Redevelopment Plans (ARP) for the communities of Inglewood and Ramsay. As part of this process, facilitated discussions will be taking place to gather stakeholder input on the merged draft document. B&A Planning Group has been contracted by The City as an independent consultant to guide a public engagement process aimed at collecting feedback from all stakeholders. The goal for the engagement is to gather input to create meaningful recommendations for policy contained in the revised Historic East Calgary Area Redevelopment Plan (HEC ARP).

What is an Area Redevelopment Plan?

An Area Redevelopment Plan (ARP) is a long-range planning document that is collaboratively developed between City staff and stakeholders. As a statutory document, an ARP is approved by City Council. ARPs set out the vision for how an established community should change over time. They guide future development decisions, outlining the use of land and the form that development should take.
